

When Safety Counts...Count on SCI

- Heat and Impact Resistant Metal Liners
- Seamless Liner Construction
- Gas Tight, Impermeable Liners
- Visionary Products & Designs
- Fast Fill Capability at Low Temperatures

- Zonal Bonfire Testing
- Corrosion and UV Resistant Composite Material
- Superior Fast Filling Efficiency
- Over 45+ Years Experience
- 1.5+ Million Composite Cylinders in Service

CAPABILITIES:

Diameters up to 24" (610 mm)
 Lengths to 120" (3048 mm)
 Service Pressure up to 10,000 psi (690 bar)

CERTIFICATIONS:

FMUSS304 (USA)
 ANSI/CSA NGVC (North America)
 ISO11439, ECE R110 (Europe)
 KHK/MITI (Japan)
 NZS 5454 (New Zealand)
